Christchurch Sister City tour to include Chelsea Flower Show

For 30 years, Christchurch has maintained a sister city relationship with Christchurch in the UK and a unique tour has been arranged to celebrate the anniversary.

Last year, Christchurch, New Zealand hosted a group of residents from Christchurch in Dorset and they are keen to return the hospitality they received over here.

The tour cost is \$6,500 per person, although that price may be reduced depending on the number of people. The cost includes all travel by air and coach throughout the southern counties of England near the Dorset coast and the New Forest and parts of northern France,

Christchurch Dorset where you will be met by members of the Christchurch Twinning Association – your hosts for the next six nights.

You will be guided round the southern counties to such destinations as Salisbury, Stonehenge, Bath, Portsmouth and Southampton. Then it is on to France to visit the D-Day landing sites and re-live some of the history of the 1940s. You will spend two nights in Bayeux with a visit to the cathedral and the Bayeux Tapestry and then on to Paris, visiting Monet's garden at Giverny and the Palace of Versailles en-route.

While in Paris, there will be the opportunity to see the Eiffel Tower, the Louvre and experience

Sister City Christchurch, Dorset, UK

...take advantage of this unique offer to visit our sister city.

where many of New Zealand's fallen remain buried after two world wars.

Our sister city in Dorset is a place steeped in history with quaint cottages, traditional English pubs and excellent restaurants. The town has existed in one form or another since the Iron Age when the area between the river Avon and the river Stour was used as a trading point and safe mooring for visiting traders. For the past 5000 years, it has been home to Anglo-Saxons, Romans and Normans.

You will arrive in London after a stopover in Dubai, visiting the attractions of this ancient and yet rapidly developing modern city. From London you will be taken by coach transfer to

some of Paris's famous restaurants. Before returning to England, there will be an opportunity to experience the Somme battlegrounds and re-live some of the history of the First World War.

Travelling at this time of the year will especially suit those wanting to extend their tour in Britain or Europe in the early part of the northern summer. A wide selection of other touring and accommodation options is available for those who wish to extend their stay.

Visiting another country is always easier when you have friends over there to make you feel welcome so take advantage of this unique offer to visit our sister city.
