

REPORT from Amy BRYDON of Villa Maria College

The exchange to Kurashiki was such an amazing experience for me and there were so many highlights on the trip it's hard to think of any one thing to single out as the most enjoyable or educational.

For starters I think Newton and Cheryl were really good leaders and am glad that we all got to have such helpful, nice and fun leaders on this exchange. The family I stayed with were very kind to me and I was very glad to have meet them they treated me as part of there family which is more than I could have asked for, really wished I could have stayed over in Japan, I am missing the culture, food and all the new people I meet.

I really enjoyed the day trip we took to Hiroshima it really opened my eyes to how cruel the world can be but also that all the nations of this great world have to work together to stop this sort of disaster happening again. Also I found that going to a Japanese school was so different to what I was used to back here in New Zealand. Everything about the trip was awesome and I would really like to go back to japan again some day.
